Friends of Wakonda:

Zzzzzz...

That's the sound of Pastor Ben sleeping soundly, not worrying about a power outage at Wakonda since we were able, with your generous gifts and pledges toward the Pass It On Capital Campaign Fund, to have a generator installed that automatically kicks on when there is a power interruption. We've also been able to get the roofs over the Lodge kitchen, entryway, and walk-in cooler repaired so there won't be any leaks, potentially damaging the interior and the appliances. And renovation of the Activities Building has been completed, as well.

While this is a great start, there is still much to be done. We began the campaign in mid-October with a stated goal of \$999,000, with a list of projects and equipment replacements that we shared with you on the website. Many of you have taken the time to review this list, and we encourage all of you to do so at your convenience. As of December 31st, 2022, gifts and pledges from you, the congregation, as well as from our FaceBook and internet friends, alumni, and former campers, has amounted to about \$506,591.

THANK YOU!

WE'RE ON OUR WAY!

As you can see, we are over halfway to our fundraising goal! But we need your help to hit our goal and fully address the needs of the camp. If you have already given a gift or made a pledge to support Pass It On, we say, once again, Thank You. If you haven't yet decided to what extent you will be supporting the campaign, or you feel that you can increase the gift or pledge you have already made, we encourage you to do so at this time. As you'll see in this update, we are already planning our next projects to be worked on, and we look forward to the many more things we can do with your help!
